## "Cardiology for Pediatricians 2025" Bridging the Gap in Access to Care

In last 3 decades Paediatric cardiology has achieved various milestones in India and today with the expertise of early and accurate diagnosis and timely referral, we are able to intervene and save these babies with cardiac disease, simple to complex and critical lesion.

To achieve the goal of providing care to the children with cardiac problem there is constant need of periodic education programs to sensitize the practicing physicians and paediatricians.

WE are delighted to welcome you to the Conference '**Cardiology for Paediatricians: Bridging the gap in Access to Care**' in Meerut on **18th May 2025**. This event will bring leading academicians, speakers, professionals and experts on one platform. The informative discussions will highlight solutions, achievements, trending issues, and future strategies.
